Message: Vision POS is Your Retail Hardware Solution.

On Hold

Thank you for your interest in Vision Point of Sale, Incorporated. Please stay on the line and we'll be with you shortly. We value your business and understand that your time is important to you. During the short time you may be waiting, we would like to take the opportunity to tell you more about Vision POS.

Vision Point of Sale is the leading reseller of retail system hardware. We sell new, refurbished, and as-is equipment, including hard-to-find discontinued hardware. Select refurbished hardware can be re-certified for continued OEM maintenance, and we can even provide extended warranties. Vision Point of Sale also offers leasing programs and repair services.

We are able to keep prices affordable because most of our used and refurbished equipment has been purchased at low bulk prices from large national chains. Our core business is the refurbishment of Point of Sale Hardware manufactured by NCR, IBM, Fujitsu/ICL, Symbol and PSC.

Once again, thank you for your call. We appreciate your patience. Someone will be with you shortly.

If you have system hardware you would like to dispose of, please let us know. Vision Point of Sale purchases a variety of equipment at fair market value. We're interested in both surplus and obsolete equipment, including discontinued hardware. We purchase entire retail systems as well as individual pieces. Whether you're buying or selling, Vision POS is your retail hardware solution.

Vision Point of Sale offers twenty-five years of experience providing low-cost hardware solutions for a variety of businesses. As our customers' needs have grown, we have expanded our scope. Today our inventory includes point of sale terminals, scanners, inventory collection devices, credit card authorization terminals, and a variety of peripherals. Come to Vision Point of Sale for hard drives, receipt printers, motherboards and memory for PC based systems, as well as any cables your system requires.

Thankyou for your patience. We will be right with you. We are committed to providing responsive service in order to maintain our customer relationships. We credit these relationships with our success, and we would like to thank you, our customer, for helping us achieve the distinction of being one of Chicagoland's "Fast Fifty."

For the second year in a row, Vision Point of Sale has been named to Deloitte & Touche's prestigious "Fast Fifty" Program for Greater Chicagoland, a ranking of the fifty fastest growing technology companies in the area. The rankings are based on five-year revenue growth, and with a growth of 375%, Vision POS ranks at 14! "Fast Fifty" companies were featured in the October 8 issue of *Crain's Chicago Business*.

Last year, Vision POS boasted five-year revenue growth of 770%. We were named not only to the Chicagoland "Fast Fifty," but also to "Fast 500," which recognizes the fastest growing technology companies in North America. Our accomplishments were publicized in the October 2 issue of *Crain's Chicago Business* and the November 27 issue of *Forbes ASAP*.

Thank you again for your interest in Vision Point of Sale. We'll be right with you. While you wait, why not visit our site on the world wide web?

To learn more about Vision Point of Sale, point your browser to W-W-W dot Vision P-O-S dot com. That's W-W-W dot V-I-S-I-O-N-P-O-S dot com. The site provides information about our company, including our philosophy, contact information, and any job openings that are available. It also lists our specials for the month, and you can even register online for weekly e-mails featuring our latest values.

We invite you to visit our partner, SellPOS.com, on the web at W-W-W dot S-E-L-L-P-O-S dot com. SellPOS.com hosts online auctions of reconditioned POS equipment, offering a fast, easy, and money-saving resource. Check out the Animated Demo Auction for a guided tour of the auction process.

SellPOS.com reduces the time it takes to locate and purchase retail system hardware, especially parts for discontinued systems. There are several ways to search the site for the equipment you need, and all products are in stock and available for immediate delivery.

SellPOS.com accepts regular and proxy bids, which advance your bid incrementally, saving you both time and money. Since auction prices are buyer-driven, and volume sales often reduce the per-item cost, you'll find the lowest prices at SellPOS.com. Any hardware sold by SellPOS.com can be reconditioned to OEM specification, so you know you're not just getting a low price, you're getting quality products at great deals.
